Early Years Area

Early Years Sensory Space!
This Sensory Space offers children a structured and dynamic way to engage their senses, affording the opportunity to process and integrate sensory information effectively. Our Mini Forest Climber introduces challenges of climbing, promoting balance, coordination, and creativity, while guaranteeing continuous entertainment for children.

Early Years Sensory Space!

Playground trails are an exciting way encourage activity and creative play during breaktimes. Our thermoplastic playground trail markings help children develop social skills and stimulate their imagination. These roadway markings will encourage children to stop and start whilst keeping inside the lines, improving their balance and co-ordination skills.
